We will be viewing and discussing the young activists stories. Are you passionate about a cause? Come join others as we struggle with how we can make a difference. From LGBTQ support, to fighting the closure of Black and Hispanic schools to Global warming, these students passions let them make a difference. If you are interested in finding out more, bring some friends, if you are club that is interested in thinking about activism bring the whole club and learn how other students made a difference in their community. You don't have to be a leader to make a difference, but you do have to show up!
